Wellness Spa

► PROTEAM EUROPA - Spa Accessories

LED Lighting System

Each Proteam Europa spa collection offers lighting features specific to it, so you can illuminate your soak regardless of the model you choose. Proteam Europa spas are available to have LED light on each components such as massage jets, cup holder, fountain, waterfall, bluetooth speakers, water diverters, air regulators, as well as the cabinet and shell with 7 changable colors. You can control the water level LED color or under water LED light following to the instructions.

Cold water Therapy

With Cooling system, your hot tub becomes a wonderful place for your families to swim or play during spare times. You can relax and release stress after working time. It can be an often-used furniture that combines wellness and entertainment. Finally you will enjoy your Proteam Europa hot tub more often.

Save Energy

The Cooling system also save energy during working time, because it can shorten the running time that most spas need to use. Suitable cooling system will be recommended by our sales regarding of the spa model u buy. Heating Range: 15-40°C ;Cooling Range: 8-30°C

LED Waterfall and Fountain

Proteam Europa Spa features the interior and exterior lighting options. Different kinds of design of the waterfall & Fountain are used to improve customer experience and bright your special night with entertainment.

BALBOA® Controller

“High Quality First, After-Sales Service First” is our Main Purpose of Co-operation. Proteam Europa spa have been established business relationship with BALBOA company for many years, and we have become good partners. We aim to be serving to the customers with more excellent quality, professional service and competitive price. We believe in that we will get the achievement of the double Win with mutual effort.

BALBOA® Worldwide App

The Balboa Worldwide App (bwa™), is an app for your smart device (Android™ or iPhone®) that allows you to access your hot tub via a direct connection anywhere in the local proximity of your tub, anywhere in your house that you can connect to your local Wi-Fi network, or anywhere in the World you have an Internet connection to your smart device via 3G, 4G, or Wi-Fi hot spots*. With the bwa app, you can ensure that your hot tub will be ready whenever you want to take a dip. Instead of going outside and pressing buttons on the topside panel, the app lets you start the tub and change settings from your smartphone or tablet. The app provides full interface control so you can set the temperature, turn pumps on and off and even set filtration cycles.

Smart Control System

All Proteam Europa SPAs are equipped with USA BALBOA or Canada GECKO control system from economic models to high-end models like TP800 or Touch panel. Also, you can choose to update the system to Smartphone control then you can access the control system of your spa anytime from anywhere with your smartphone. iPhone, iPad, Android are all available.

GECKO® Control System

GECKO is another famous brand system we used for Proteam Europa Spa. All our control systems, pumps and accessories add immediate value to the spas of your customers and contribute to make the user experience as satisfying and as perfect as possible.
